A NEW
EXPRESSION
OF MATERIAL
BEAUTY

Kréte

At **Whitebirk Sink Company**, Kréte represents a new chapter, a venture into the world of concrete.

Designed by us, each Kréte basin introduces a sculptural presence and architectural clarity to the modern bathroom. Defined by confident forms and material precision, these pieces are not just functional, they're statements of intent.

With Kréte, we bring our deep understanding of durable materials into a new design language: one that values strength and purposeful simplicity. This is concrete, elevated; refined in form, honest in finish, and made to endure.

WHY KRÉTE?

STRENGTH WITH SUBSTANCE

↳ **Refined Materiality**

High-density concrete, chosen for strength, surface quality, and natural variation. Each basin is subtly unique in tone and texture.

↳ **Sealed for Modern Living**

Protected with a specialist sealant for water repellency, stain resistance, and easy care—built for beauty and durability.

↳ **Design Versatility**

From compact cloakrooms to spacious ensuites, Kréte basins suit a wide range of interiors with their clean lines and confident presence.

↳ **Hand-Finished Elegance**

Every basin is polished and detailed by hand, ensuring a smooth satin finish that retains the raw tactility of concrete.

↳ **Sustainable Thinking**

Made with responsibly sourced materials, minimal production waste, and a long lifespan that reduces the need for replacement.

Colour with Character

Available in a palette of signature colours, each finish is expressive yet understated, bringing a contemporary edge to the collection.
